

2. Multiple Wishlist User Guide

Thank you for purchasing our extension. If you have any questions that are beyond the scope of this document, do not hesitate to leave us an email via our email address below.

Created: 29/11/2019 | By: Magenest

Introduction

Magento 2 Multiple Wishlist is an extension developed by Magenest, which helps customers to add products to more than one wishlist, allows them to manage and moderate their desired products in a more effective way.

Features

- Create multiple wish lists.
- Add products to different wish lists.
- Manage wish lists easily: add, rename, delete, update and share wish list.
- Moderate the products in wish list: add, move, copy and delete product.
- Add to cart a specific product or all of them in a wish list

System Requirements

Your store should be running on Magento 2 Community Edition version 2.2.x, 2.3.x or Magento 2 Enterprise Edition version 2.2.x, 2.3.x.

Configuration

➕ To go to the configuration page for multiple wish lists, on the Admin sidebar, go to **Store > Configuration**.

➕ On **Configuration** page, click on **Multiple Wishlist** tab to open the configuration for it.

GENERAL

- **Enable:** Choose **Yes** to enable the extension.
- **Facebook Share Button:** Choose **Yes** to add the Facebook icon to sharing options list.
- **Twitter Share Button:** Choose **Yes** to add the Twitter icon to sharing options list.
- **Maximum Number Of Wishlist:** Set the number of wish lists that a customer can create.

EMAIL SETTINGS

The extension allows sending the notification email to customers when the quantity of a product in their wish list reaches a certain low threshold.

- **Frequency:** Select the unit of time to check the stock quantity of the wished product. There are three options in this field: **Day, Week, Month**.
- **Interval Time:** Enter the number of **days/weeks/months**.
- **Low threshold:** Set the product quantity threshold. When the stock quantity of a wished product reaches this threshold, an email will be delivered to the customer to remind them about the wish list.

The screenshot shows the Magento configuration interface for the 'Multiple Wishlist' extension. The page is titled 'Configuration' and includes a sidebar with navigation options: DASHBOARD, CATALOG, MAGEPLAZA, REPORTS, and STORES. The main content area is divided into two sections: 'General' and 'Email Settings'. In the 'General' section, the 'Multiple Wishlist' extension is selected. The configuration options are: 'Enabled' (Yes), 'Facebook Share Button' (Yes, with 'Use system value' checked), 'Twitter Share Button' (Yes, with 'Use system value' checked), and 'Maximum Number Of Wishlist' (105, with 'Use system value' unchecked). The 'Email Settings' section includes: 'Frequency' (Day, with 'Use system value' checked), 'Interval Time' (1, with 'Use system value' checked), and 'Low threshold' (105, with 'Use system value' unchecked). A 'Save Config' button is located in the top right corner.

Main Function

- + The multiple wish list feature is applied to the customer logging into the store.
- + To add a product to a wish list:
 - Click on the heart icon on the product detail page or on the product list page.
 - Select an available wish list on the popup or create a new list and click on **Continue** to finish.

+ To view the wish list, click on **My Wishlist** tab on **My Account** page or select **My Wish List** on the drop-down list on the top. On **My Wish List** page, customers can view all the saved wish list.

- Customers can click on **Add All To Cart** button to make an order with the product in the wish list.

+ To rename the available wish list, enter a new name then click on **Rename** button.

- + To remove a wish list, click on **Delete Wishlist** button.
- + To add a new wish list, enter a name for the new wish list and click on **Add New Wishlist** button.
- + To share the wish list:
 - Click on **Share** button.
 - On **Wishlist Shared** page, select among three sharing options: **Facebook, Twitter and Gmail**.

+ To move a product from a wish list to another one, click on **Move** button, then select a wish list on the popup and click **Continue**. The product will be moved a new wish list.

The screenshot displays a user's 'My Wish List' page. At the top, there are navigation links for 'Sale', 'Training', and 'Women'. The main heading is 'My Wish List'. Below the heading, there is a form to 'Name New Wish List' and an 'Add New Wish List' button. A secondary heading 'Test' is visible, with 'Main' and 'Test' tabs. Below this, there are buttons for 'Test', 'Rename', and 'Delete Wishlist'. The main content area features a product card for a black T-shirt. The card includes a product image, the name 'T-Shirt', the price 'As low as \$20.00', and an 'Add to Cart' button. At the bottom of the card, there are three buttons: 'Remove', 'Move' (which is highlighted with a black border), and 'Copy'. To the right of the product card, there are 'Share' and 'Add All to cart' buttons. On the left side of the page, there is a sidebar with navigation links: 'My Account', 'My Orders', 'My Downloadable Products', 'My Wish List', 'Address Book', 'Account Information', 'My Product Reviews', and 'Newsletter Subscriptions'. Below the sidebar, there is a 'Compare Products' section stating 'You have no items to compare.' and a 'My Wish List (3 item(s))' section showing a list of items with 'Add to Cart' buttons. At the bottom left, there is a 'Go to Wish List' link.

+ To delete a product from the wish list, click on **Remove** button.
