Introduction

In the competition between businesses these days, Live-streaming may be a key trend to make the difference. There is an increasing range of brands and people trying the streaming platform in efforts to boost reach and get audience engagement. Magenest Facebook Livestream Integration is a well-developed tool to improve your site's interaction, reach the targeted customer, and upgrade your business from other traditional marketing campaigns.

Highlight Features

- **[NEW]** Allow customer to share live stream to other social networks
- **[NEW]** Email notifications to customer who subscribed for incoming live stream session
- Integrate your Facebook live stream session to your Magento site
- Synchronize customers' comments on your live stream on Facebook to your site
- Schedule a streaming session from your Magento backend
- Offer coupon codes to customers who join the session
- Allow customers to directly add products to cart
- Receive a report of the streaming session's performance

Requirement

Your store should be running on **Magento Community Edition version 2.2.x, 2.3.x, 2.4.x**

Connect your Magento website with Facebook Messenger

+ Requirement

★ You would need a Facebook Page. Please navigate here to create a Facebook Page <https://www.facebook.com/pages/create>

+ Then follow these steps to generate a Facebook Token for the connection:

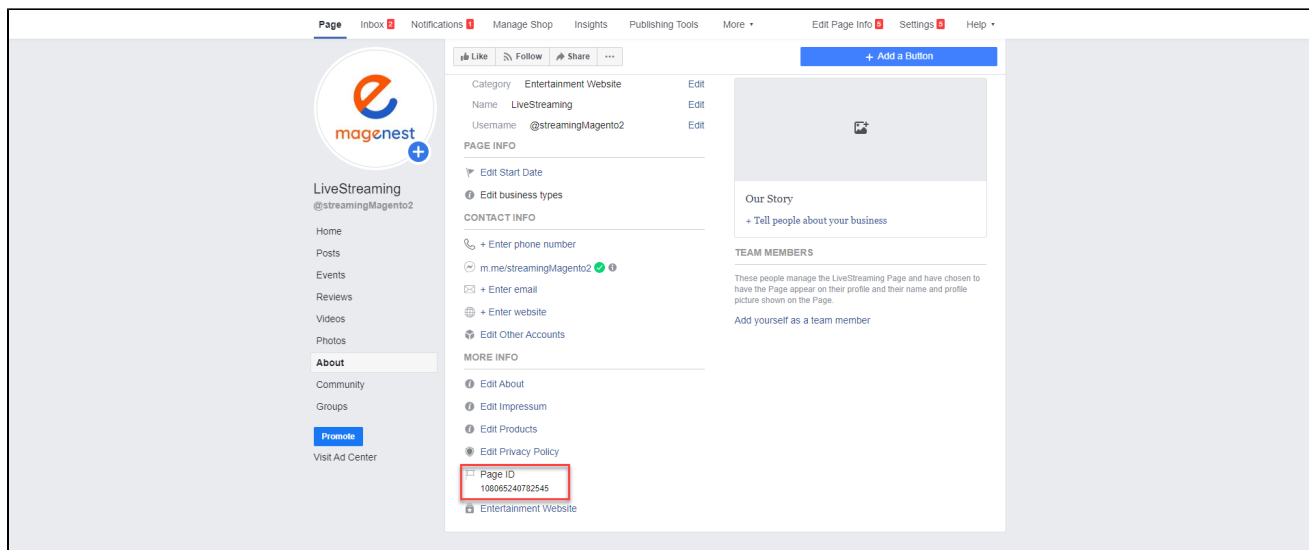

- On the Admin sidebar, go to **Store > Configuration > Magenest > Facebook Live Streaming**, you will see 2 required fields for the Facebook - Magento connection, Page ID and Permanent Page Access Token

The screenshot shows the Magento Admin Configuration page for the 'Facebook Live Streaming' section. The left sidebar contains navigation links: DASHBOARD, CATALOG, MARKETING, CONTENT, STREAMING, and SYSTEM. The 'STREAMING' section is expanded, showing 'Facebook Live Streaming' and 'DOTDIGITAL'. The main content area is titled 'Configuration' and includes a 'Scope' dropdown set to 'Default Config' and a 'Save Config' button. The 'Facebook Live Streaming' section is expanded, showing the following fields:

- Page Id** (global): 108065240782545. There is a checkbox for 'Use system value'.
- Permanent Page Access Token** (global): EAAmOlrStrWUBAMidG4ReM8umMLCagHBQ/ZCBkAMRrm1ohAR3yNQbZA1VWtE. There is a checkbox for 'Use system value' and a link 'Get Permanent Page Access Token Reference link'.
- Claim Coupon Button**: A toggle switch.
- Comment**: A text input field.
- Stream Status**: A text input field.
- Email Notification**: A text input field.

The footer of the page shows 'Copyright © 2021 Magento Commerce Inc. All rights reserved.' and 'Magento ver: 2.3.6'. There are also links for 'Privacy Policy', 'Account Activity', and 'Report an Issue'.

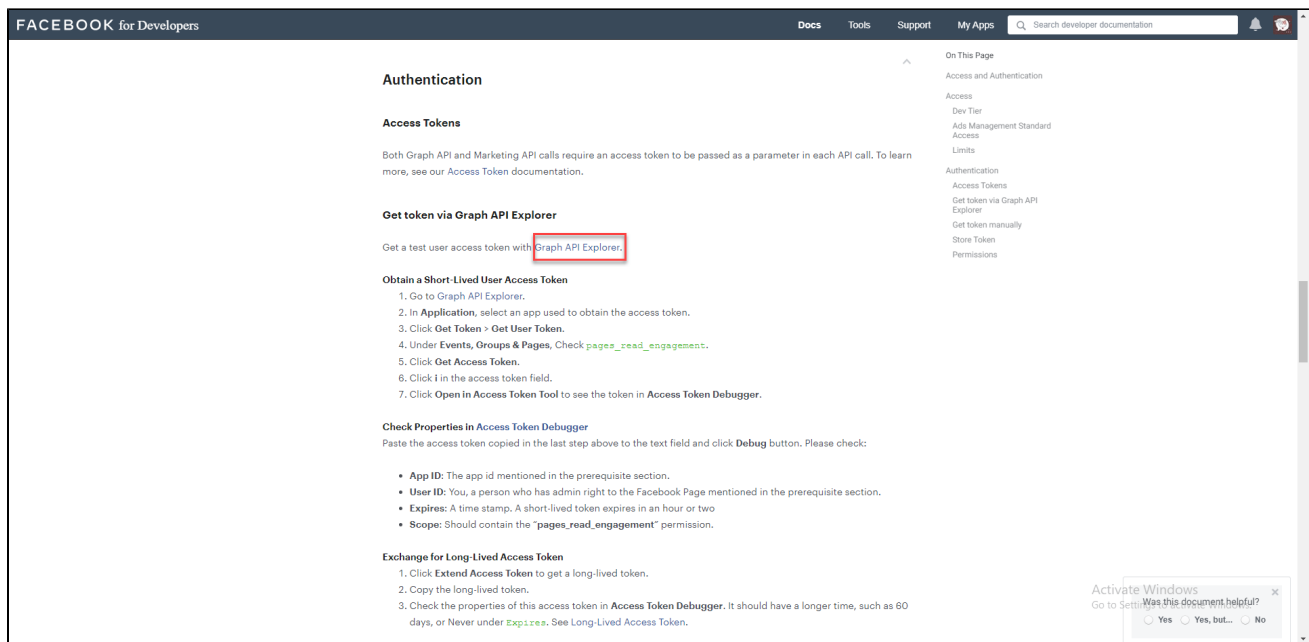

- To get the Page ID, on your Facebook page, go to **About > Page ID > Copy**

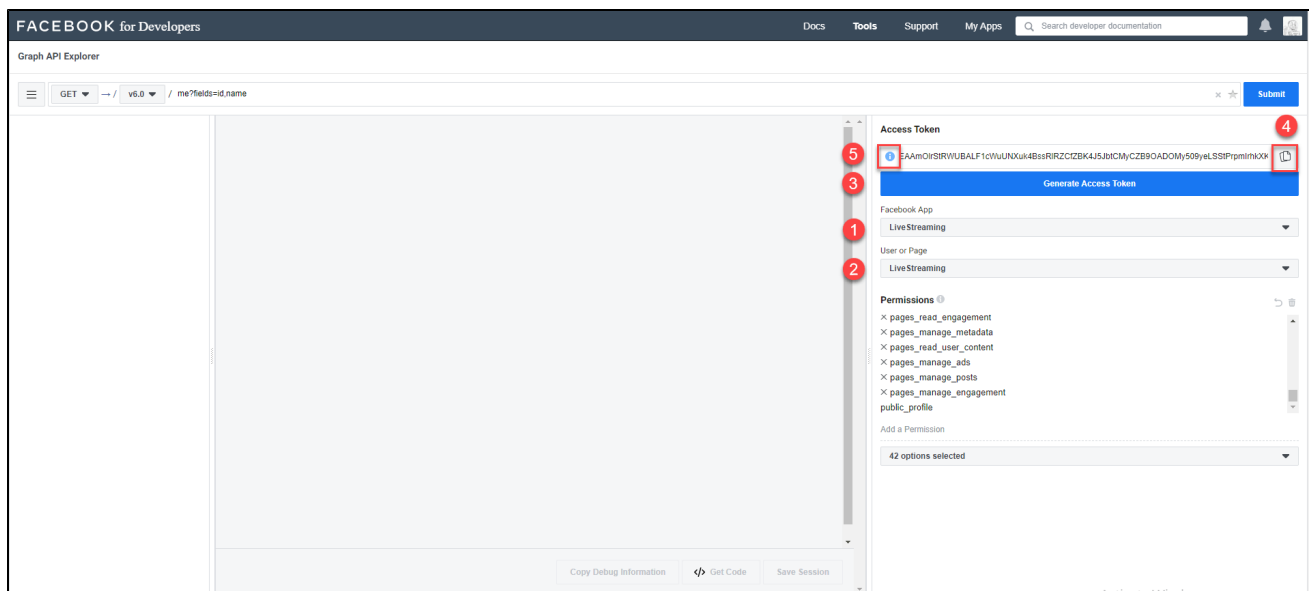

- Paste the Page ID from the 2nd step to the Page ID field, then click on [Reference Link](#) to get the Access Token

- You will be redirected to Facebook Developer page, scroll down to see the **Get Token via Graph API Explorer** section and click on **Graph API Explorer**

- You will be redirected to a page to generate a Token. Please follow the image below to click on the button in the instructed order and select the demonstrated option.

- After clicking on the More information icon, you will see a popup. Click on **Open in Access Token Tool**

- **Session Name:** Enter a name for the streaming session
- **Product Widget:** Select the widget you've set in the previous step
- **Highlight Product Time:** For auto change product highlight in product widget, specific for each session. If empty, general configuration will be used instead.
- **Start time:** Select the start time of the session. You can set the time up to the second scale
- **End time:** Select the end time of the session. You can set the time up to the second scale
- **Description:** Write a session description
- **Pre session image:** Choose an image to display before the session starts. **Note:** Maximum file size: 2 MB. Allowed file types: JPG, GIF, PNG.
- **Shopping Cart Price Rule:** Select a suitable cart price rule if you're offering coupon codes to your customers
- **Stream Popup:** Switch to **Enable** if you want to display Popup during the session. You can set when this popup is shown after the live start in mm:ss

★ There are two kinds of **Stream Popup**:

- **Subscriber Popup:** to push customer subscribe newsletter
- **Notification:** specific your own notification

Streaming Subscriber

Manage list of subscribers in your store, admin can delete or unsubscribe each customer. Customers cannot unsubscribe from their customer dashboard.

The screenshot shows the 'Streaming Subscriber' management interface in the Magento admin panel. On the left is a vertical sidebar with navigation links: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and STREAMING. The main content area has a header with the title 'Streaming Subscriber', a search icon, a notification bell with a red '1', and a user profile 'chang'. Below the header, there's a 'Filters' button, a 'Default View' dropdown, and an 'Export' dropdown. A table shows 1 record found. The table has columns for 'ID' and 'Email', and a 'Status' column. The single record has ID '1', Email 'test@abc.com', and Status 'Subscribed'. At the bottom, there's a footer with copyright information and links for Privacy Policy, Account Activity, and Report an Issue.

ID	Email	Status
1	test@abc.com	Subscribed

Report

On the Magento backend, you will receive a report on the session's effectiveness and performance. Go to **Streaming > Streaming Report**.

You will see your total audience, and know how many products sold during the stream, how many coupons were claimed and used.

The screenshot shows the 'Stream Report' page in the Magento admin panel. The sidebar is the same as the previous page. The main content area has a header with the title 'Stream Report', a search icon, a notification bell with a red '1', and a user profile 'admin'. Below the header, there's a yellow banner with a message: 'It's time to change your password.' Below the banner, there's a date range selector with 'From: 07/8/2020' and 'To: 07/23/2020', a 'Show By: Day' dropdown, and a 'Refresh' button. To the right, there's an 'Export to: CSV' dropdown and an 'Export' button. Below this, there's a table with 6 columns: Interval, Stream Session, Total Views, Total Buys, Total Coupon Claim, and Total Coupon Used. The table has 3 rows: a header row, a data row for '7/17/20' with 'My Streaming Session 101', and a 'Total' row.

Interval	Stream Session	Total Views	Total Buys	Total Coupon Claim	Total Coupon Used
7/17/20	My Streaming Session 101	7	0	3	0
Total		7	0	3	0

Storefront

Subscribe for stream notifications via email: Customer can subscribe to receive email notifications from website whenever a live stream is starting or before a period of time.

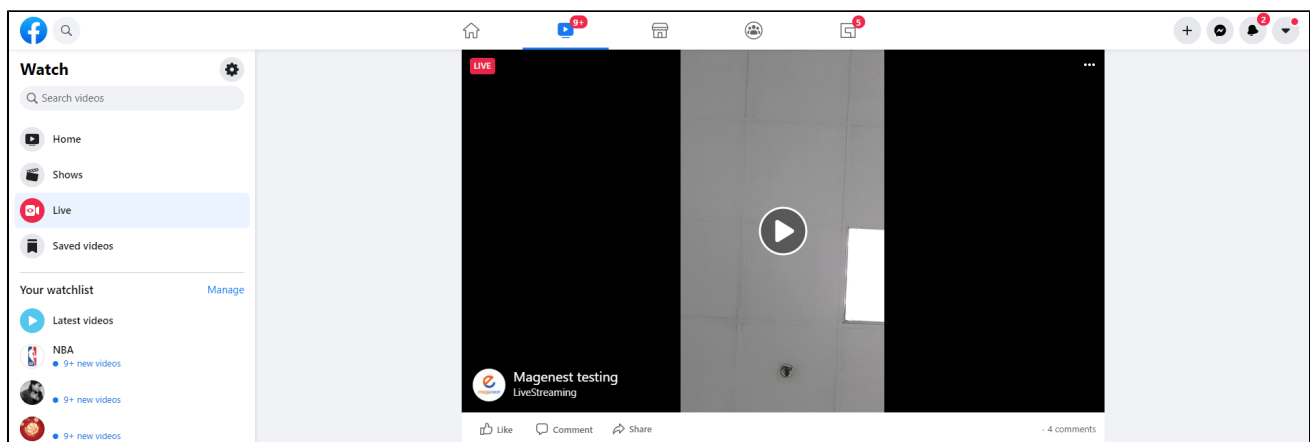

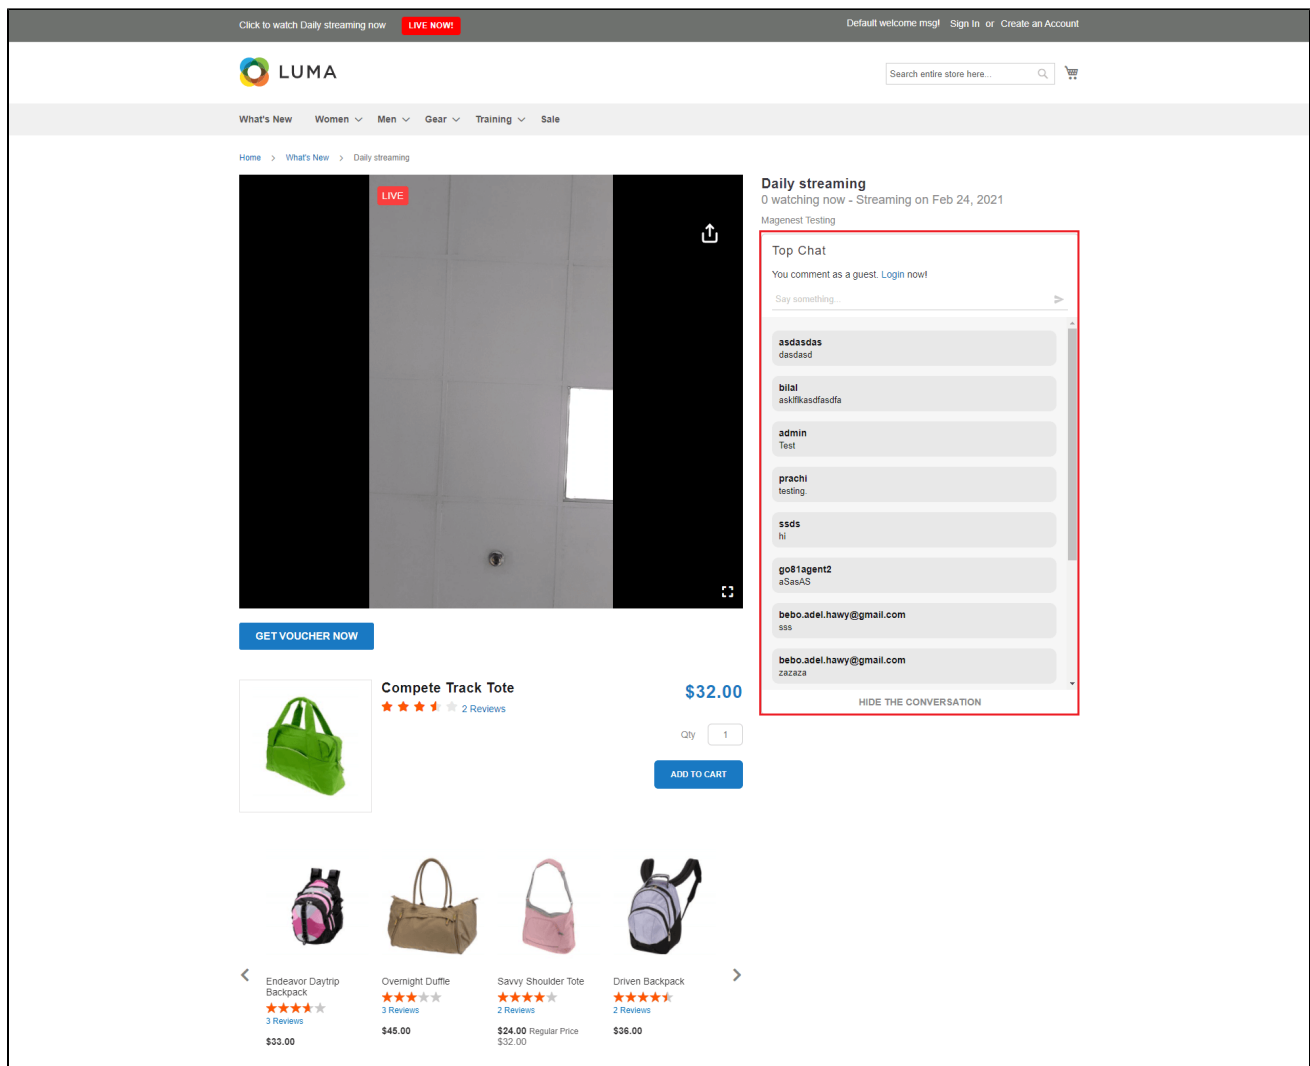

+ Customers will be able to leave comments both on your Store's stream and on your Facebook's stream. The comments your customers leave on Facebook will also be synced to the session on your Magento Store

- When the session starts, notification will display on your site

- Livestream will be streamed on both your store and Facebook at the same time

- When a customer leaves a comment from Facebook, it will be synced to store
