Introducing to Woocommerce Salesforce integration

The Woocommerce Salesforce integration Plugin is an indispensable tool to help you synchronize data instantly between Woocommerce and Salesforce. The plugin allows to synchronize register customers in Woocommerce to Lead in Salesforce, order in Woocommerce to Account and Contact in Salesforce.

Features:

- Synchronize Register Customer in Woocommerce to Lead in Salesforce
- Synchronize Order in Woocommerce to Account in Salesforce
- Synchronize Order in Woocommerce to Contact in Salesforce
- Synchronize Order Products in Woocommerce to Products in Salesforce
- Synchronize Order in Woocommerce to Order in Salesforce
- Choose Equeue Sync or Auto Sync
- Report Sync data between Woocommerce and Salesforce.

The plugin page: <https://store.magenest.com/woocommerce-plugins/woocommerce-salesforce-crm-integration.html>

The live demo: <http://mysaleforce.demo.izsync.com>

Configuration

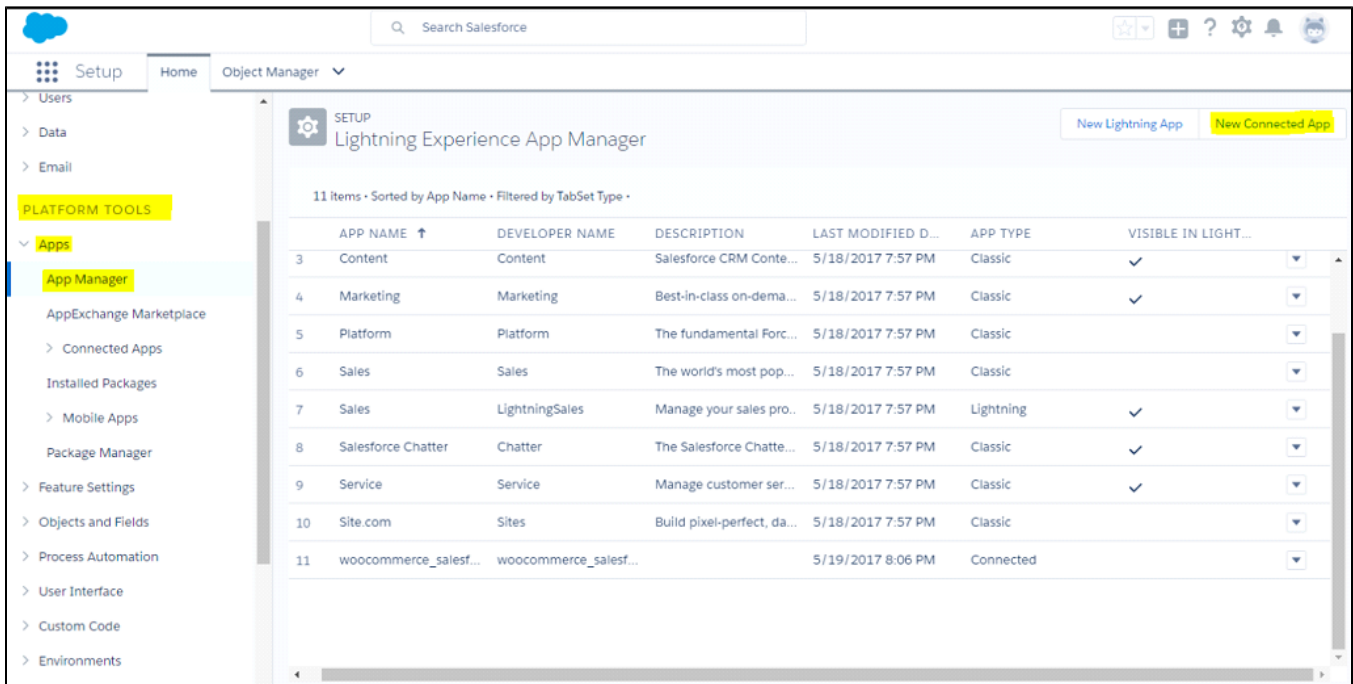

Create a connected app to get keys and token

Sign in to Salesforce CRM and go to the Setup option in the dashboard.

In your Salesforce Dashboard, go to **Platform tools > App manager**.

Press **New Connected App** button in Connected App to create a new connected app

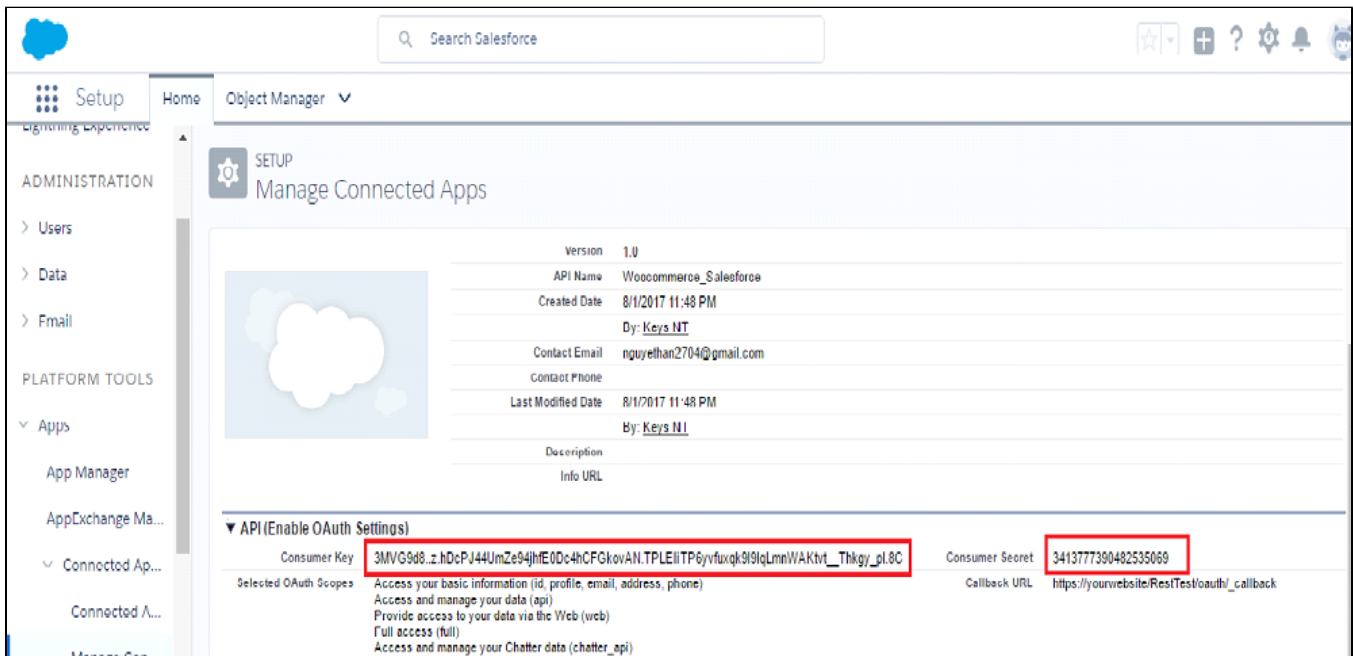

Then enter information in the required fields:

- **Connected App Name:** Enter the name for your connected app. Example: woocommerce_salesforce_integration
- **API Name:** data from this field is auto synced from Connected App Name
- **Contact Email:** fill your Salesforce email
- **Check Enable OAuth Settings box**
- **Fill Callback URL:** Fill like example: https://yourwebsite/RestTest/oauth/_callback
- **Selected OAuth Scopes :** select Full Access option and click Add button

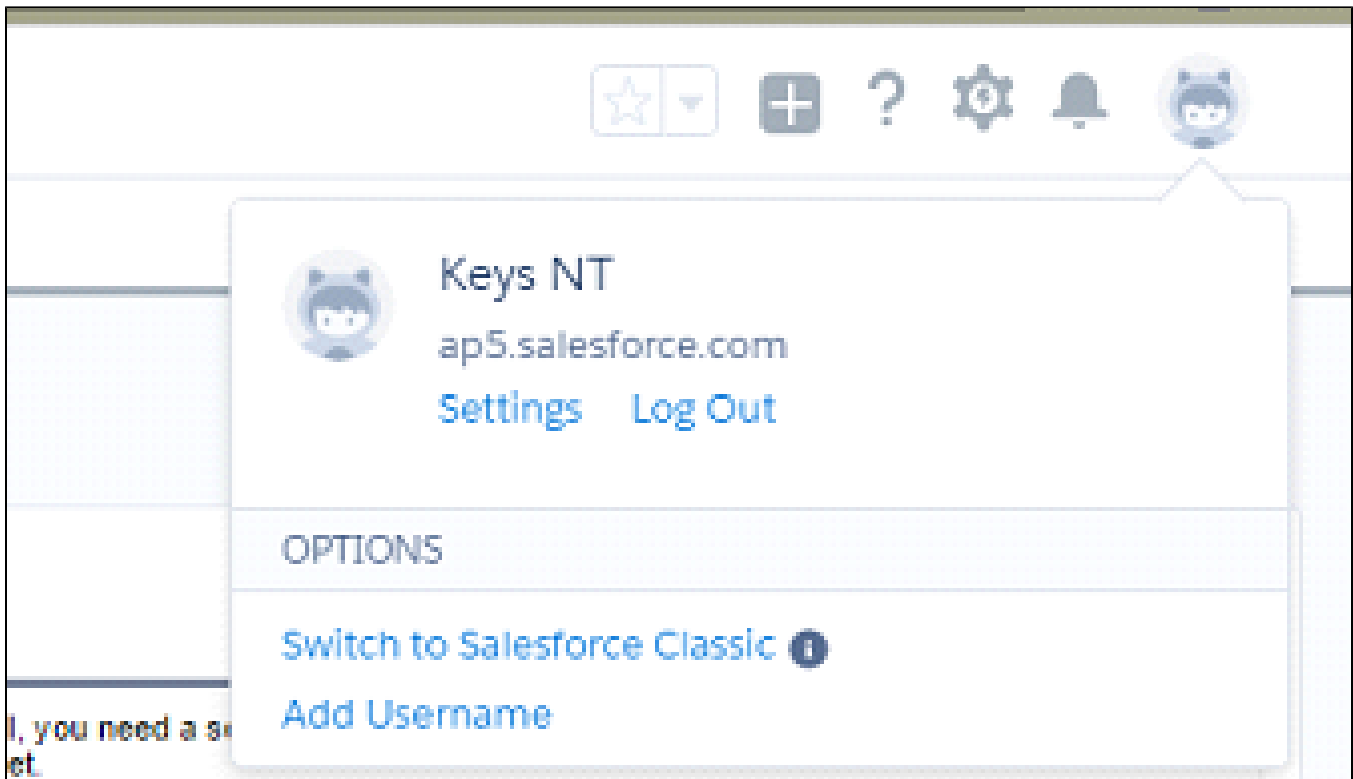

Click Save button

After finish, your connected app will displayed like this:

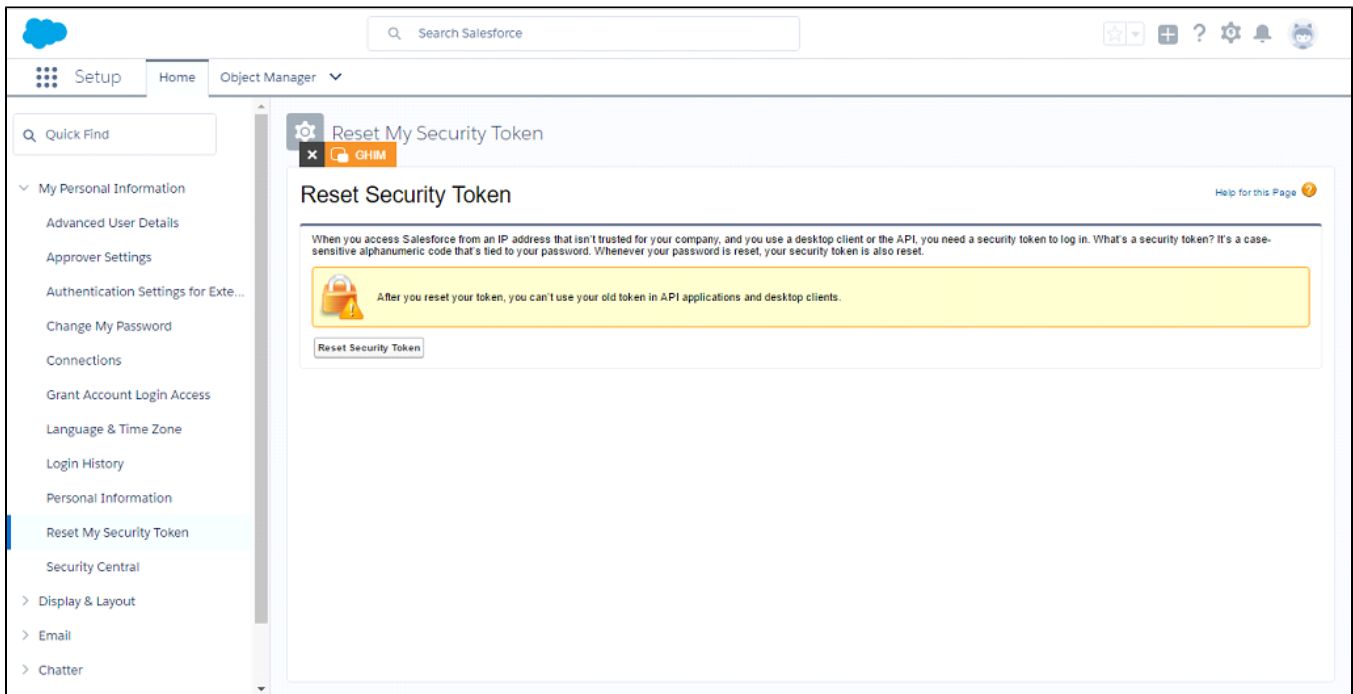

You will get your client ID and client secret key from here.

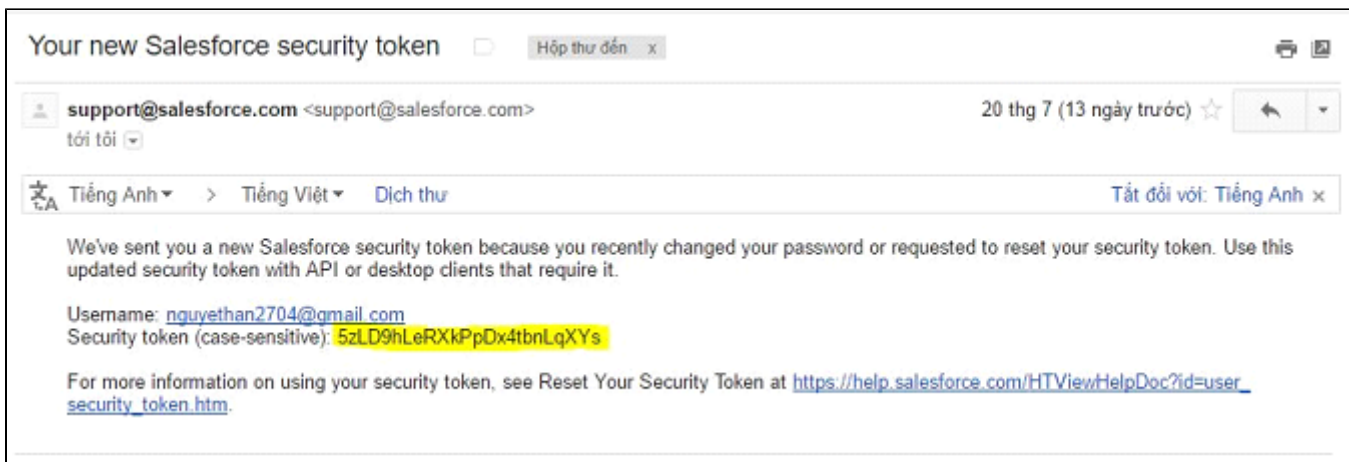

Now, go to **Settings**

Go to **My Personal Information** > **Reset My Security Token** choose **Reset Security Token** button.

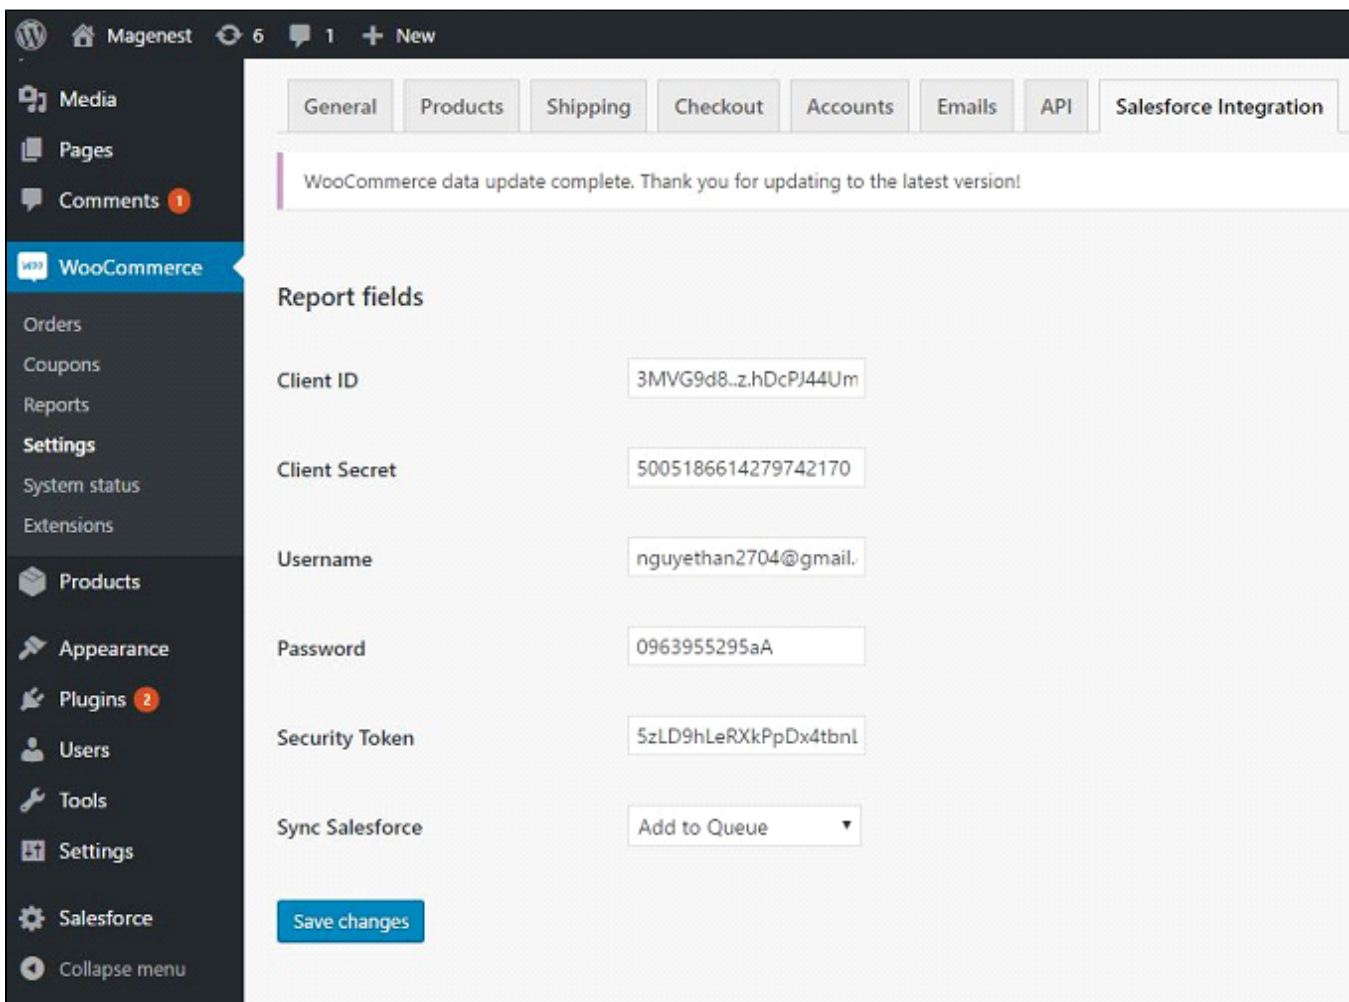

mail:

Set up the Salesforce account to integrate with Woocommerce

You can access configuration page by clicking Settings of Woocommerce, then click Salesforce integration tab

- **Client ID:** Enter your consumer Key of Connected App
- **Client Secret:** Enter your consumer Secret of Connected App
- **Username:** Enter your username of your salesforce account
- **Password:** Enter your password of your salesforce account
- **Security Token:** Enter your security token from your email
- **Sync Salesforce:** Choose Add to Queue or Auto Sync
- Click Save changes button.

Example of usages

1. Customer register

Summary

Once again, thank you so much for purchasing this plugin. As I said at the beginning, I'd be glad to help you if you have any questions relating to this plugin. No guarantees, but I'll do my best to assist. If you have a more general question relating to the plugin on Codecanyon, you might consider visiting the forums and asking your question in the "Item Discussion" section.

If you have want the further features that is not supported in current version, do not hesitate to contact us.
